

# SLEEPING PADS

## AirRest Classic

### Category

### Self Inflating Mats

- 75D soft polyester non slip top fabric reduces sleeping bag 'shimmy'.
- Open cell inner foam expands rapidly to original size for self inflation.
- Large intake valve allows for better air flow for inflation/ deflation.
- Repair kit includes a patch, adhesive glue, replacement valve cap and O ring.
- Quick inflating open cell foam provides both comfort and warmth
- Airrest Classics provide better insulation and therefore a good choice for cold weather use.
