

SPECIALTY PACKS

Scrabble Dog Packs

The pack was named after a special canoe tripping partner who looked forward to canoe trips with great enthusiasm. Sadly, she died early to cancer. When giving a name to our new dog packs the choice was easy.

- three sizes to suit almost every size of dog: S / M / L
- two large gear pockets can carry all your dogs requirements
- safety reflective tape for low light visibility
- location bell, pre-attached, for easy location.
- flotation foam added to aid in buoyancy
- Eureka pack quality
