

DAY PACKS

Zip 20

- The main compartment is accessed by a full waterproof wraparound zipper for easy accessibility.
- Inside the main compartment you will find a zippered accessory pocket and a hydration sleeve.
- An exit port for the hydration tube is positioned at the top of the pack
- The front pocket has a full length vertical waterproof zipper.
- Extremely durable hypalon fabric has been fashioned and attached to the outside front pocket providing attachment points for accessories.
- Capacity: 20L

Transition

A pack targeting high school and university students, the Transition is a smart choice for the scholar and adventurer.

- Comfort flex harness incorporates shaped backpads with an air channel for comfort in any weather.
- Contoured shoulder straps with 'softflex' foam shape to your shoulders.
- The main pack compartment is large, designed to fit texts, binders with a rear positioned padded laptop sleeve (can also be used for hydration reservoirs).
- The main compartment also has a 'port' to feed through earbuds or hydration.
- The secondary pocket is full length, large enough to store a binder or files, and has an internal envelope pocket and a padded pocket large enough to protect a CD player.
- A third pocket houses an organizer for pens, calculators and has room for a pocket book or two.
- On the outside front of the pack is a dual mesh pocket with daisy chain for organizing smaller items.
- A 'stowaway' pocket found between the dual mesh pocket, is a great area to store items when on the fly.
- Two side mounted mesh pockets can hold water bottles or accessories.
- Capacity: 40L
- Colours: Red or blue
