

## Portable Canopy

- The one piece scissor-style frame canopy offers a quick and easy set up, plus more structural integrity than other canopies
  - Powder coated steel frame for long-lasting durability
  - Choose from 3 canopy height options — simply adjust the poles until the desired height, then snap in place
  - Polyester canopy with factory sealed seams and a weather resistant PU coating.
  - Gylines at each corner anchor the canopy during high winds and inclement weather.\*
  - Polyester mesh sidewalls are sold separately: 2660050 (see below)
- \* Johnson Outdoors recommends anchoring the canopy every time it is set up.
